INTRODUCTION

DiVinciPay Token

DVNCI

DiVinciPay (**DVNCI**) is an ERC-20 Token developed on the Ethereum Network. **DVNCI** is the native token used by DiVinciPay merchants. DiVinciPay merchants use the **DVNCI** token to pay their invoices for DiVinciPay subscription services. By using DVNCI, they receive an immediate discount of 20% on subscriptions services.

ABOUT OUR CREATORS

Bot Logic Labs, Inc.

BOT LOGIC LABS:

Bot Logic Labs offers a multitude of services including web, app, DApp and multi-facet database design. When paired with our Direct-to-Consumer algorithm, and combined with our proprietary digital network access (DNA), our clients realize a much higher success rate through our cutting edge targeted marketing.

Bot Logic Labs has established a reputation for building disruption within the industries we've identified as emerging opportunities. This disruption opens up new revenue streams for projects that have limited budgets or have been forced to bootstrap initial operations. Since bootstrapping operating costs oftentimes leads to project failure, we

have designed our internal modeling to identify these opportunities before they fail. Provided the project meets with our proprietary criteria, we will provide the project funding, technology development, and product marketing to achieve the project's success.
